# Foreword

The Bureau of Infrastructure, Transport and Regional Economics (BITRE) monitors the punctuality and reliability of major domestic airlines operating between Australian airports. The purpose of this is to allow for evaluation of overall industry and individual airline performance, so that consumers of air travel can make informed decisions.

The following domestic airlines currently report this information monthly to the BITRE: Jetstar, Qantas, QantasLink, Regional Express, Tigerair Australia, Virgin Australia and Virgin Australia Regional Airlines. Data has been gathered since November 2003, although some airlines commenced reporting at a later date, including Jetstar which first reported in May 2004, MacAir in July 2005, Tigerair Australia in April 2008 and Virgin Australia Regional Airlines in May 2013. MacAir ceased operations in February 2009 and data was not received for December 2008 onwards. Virgin Blue was rebranded as Virgin Australia in May 2011 and Tiger Airways was rebranded as Tigerair Australia in July 2013 and time series data in Microsoft Excel spread sheet format on the BITRE website have been revised to reflect these changes. Services operated by Skywest on behalf of Virgin Australia using ATR/F100 aircraft commenced in November 2011 and were shown separately as Virgin Australia – ATR/F100 Operations. Virgin Australia Regional Airlines commenced operations in May 2013. It was formed after the acquisition of Skywest by Virgin Australia and represented a combination of operations previously reported under Skywest and Virgin Australia – ATR/F100 Operations. In January 2016, Virgin Australia transferred their ATR fleet from Virgin Australia Regional Airlines to Virgin Australia.

Information presented in this report is for Australian domestic routes for which the passenger load averaged 8 000 or more passengers per month over the previous six months and where two or more airlines operated in competition on those routes. There were 65 routes that met this definition in July 2019. Over time, routes which meet these criteria change as airline networks and traffic levels vary.

Participating airlines report their overall monthly network performance where this is possible.

Total industry figures encompass all services operated by reporting airlines only. These airlines collectively carried over 95 per cent of total domestic passengers (regular public transport only) in 2018.

The method of capturing on time performance varies between airlines utilising different recording systems. Jetstar and Qantas jet aircraft use Aircraft Communication Addressing and Reporting System (ACARS) to electronically measure on time performance. Regional Express, Tigerair Australia, Virgin Australia, Virgin Australia Regional Airlines and the Qantas non-jet fleet record on time performance manually using records from pilots, gate agents and/or ground crews.

After initial data is collected, aggregate reports are audited internally by participating airlines prior to publication.

Reports and detailed time series data in Microsoft Excel spreadsheet format are available from the BITRE website at: <http://www.bitre.gov.au/statistics/aviation/otphome.aspx>.

# Industry performance

For July 2019, on time performance over all routes operated by participating airlines (Jetstar, Qantas, QantasLink, Regional Express, Tigerair Australia, Virgin Australia and Virgin Australia Regional Airlines) averaged 73.9 per cent for on time arrivals and 75.7 per cent for on time departures. Cancellations represented 2.5 per cent of all scheduled flights. The equivalent figures for July 2018 were 73.5 per cent for on time arrivals, 75.3 per cent for on time departures and 2.3 per cent for cancellations.

This month's on time arrivals figure was lower than the long term average performance for all routes (82.4 per cent) and the on time departures figure was also lower than the long term average (83.7 per cent). The rate of cancellations was higher than the long term average of 1.5 per cent.

Qantas achieved the highest on time arrivals among the major domestic airlines at 73.4 per cent followed by Virgin Australia at 72.2 per cent, Jetstar at 68.0 per cent and Tigerair Australia at 61.2 per cent. Of the regional airlines, Regional Express recorded 80.4 per cent for on time arrivals, followed by QantasLink at 79.7 per cent and Virgin Australia Regional Airlines at 70.7 per cent. The Qantas network (Qantas and QantasLink combined operations) recorded 76.7 per cent for on time arrivals while the Virgin Australia network (Virgin Australia and Virgin Australia Regional Airlines combined operations) recorded 72.1 per cent.

Qantas also achieved the highest level of on time departures among the major domestic airlines for July 2019 at 76.3 per cent, followed by Virgin Australia at 75.4 per cent, Jetstar at 66.7 per cent and Tigerair Australia at 64.1 per cent. Of the regional airlines, Regional Express recorded 82.9 per cent for on time departures, followed by QantasLink at 80.4 per cent and Virgin Australia Regional Airlines at 74.2 per cent. The Qantas network recorded 78.5 per cent for on time departures while the Virgin Australia network recorded 75.3 per cent.

Qantas and Tigerair Australia recorded the highest percentage of cancellations (3.9 per cent) during the month, followed by Jetstar (3.1 per cent), QantasLink (2.3 per cent), Regional Express (1.7 per cent), Virgin Australia (1.4 per cent) and Virgin Australia Regional Airlines (1.3 per cent).

Airlines' on time performance varies across the routes they serve. Individual route data by specific airline for 65 routes are shown on pages 10-23.

Of the 65 routes which met the criteria for on time performance reporting in July 2019, the Sydney-Proserpine route had the highest percentage of on time arrivals (97.1 per cent) and the Perth-Newman route had the highest percentage of on time departures (93.1 per cent). The Sunshine Coast-Melbourne route had the lowest percentage of on time arrivals (45.1 per cent) and the Darwin-Melbourne route had the lowest percentage of on time departures (45.1 per cent).

Cancellations were highest on the Hamilton Island-Brisbane and Melbourne-Sydney routes at 9.8 per cent, followed by the Sydney-Melbourne route at 9.4 per cent, the Brisbane-Hamilton

Island route at 8.3 per cent, the Launceston-Sydney route at 6.2 per cent, and the Launceston-Melbourne route at 4.7 per cent.

Newman Airport recorded the highest percentage of on time arrivals (91.0 per cent) and the highest percentage of on time departures (90.3 per cent). Melbourne Airport recorded the lowest percentage of on time arrivals (60.0 per cent) and Ayers Rock Airport recorded the lowest percentage of on time departures (50.0 per cent). These figures only refer to reported routes and do not cover all flights at these airports.

## Individual routes

On time performance is reported for all routes where the passenger load averages over 8000 passengers per month over the previous six months, and where two or more airlines operate in competition on those routes. There are now 65 routes which meet this definition. Over time, however, routes which meet this definition may change as airline networks and traffic levels vary.

## Airports

On time performance is reported for all routes where the passenger load averages over 8000 passengers per month, and where two or more airlines operate in competition. The following data reports by airport against flights operated on those routes only. This month, 8 major city airports and 32 regional city airports are covered.

Airport	Arrivals			Departures

---

On time arrival	A flight arrival is counted as "on time" if it arrived at the gate before 15 minutes after the scheduled arrival time shown in the carriers' schedule. Neither diverted nor cancelled flights count as on time.
On time departure	A flight departure is counted as "on time" if it departs the gate before 15 minutes after the scheduled departure time shown in the carriers' schedule.
Cancellation	A flight removed from service within 7 days of scheduled departure is regarded as a cancellation.
On time departure percentage	The percentage of on time departures is measured against the number of departures <i>operated</i> on any particular sector.
On time arrival percentage	The percentage of on time arrivals is measured against the number of arrivals <i>operated</i> on any particular sector.
Cancellation percentage	The percentage of cancellations is measured against the number of services <i>scheduled</i> on any particular sector.
