Foreword

The Bureau of Infrastructure, Transport and Regional Economics (BITRE) monitors the punctuality and reliability of major domestic airlines operating between Australian airports. The purpose of this is to allow for evaluation of overall industry and individual airline performance, so that consumers of air travel can make informed decisions.

The following domestic airlines currently report this information monthly to the BITRE: Jetstar, Qantas, QantasLink, Regional Express, Tigerair Australia, Virgin Australia and Virgin Australia Regional Airlines. Data has been gathered since November 2003, although some airlines commenced reporting at a later date, including Jetstar which first reported in May 2004, MacAir in July 2005, Tigerair Australia in April 2008 and Virgin Australia Regional Airlines in May 2013. MacAir ceased operations in February 2009 and data was not received for December 2008 onwards. Virgin Blue was rebranded as Virgin Australia in May 2011 and Tiger Airways was rebranded as Tigerair Australia in July 2013 and time series data in Microsoft Excel spread sheet format on the BITRE website have been revised to reflect these changes. Services operated by Skywest on behalf of Virgin Australia using ATR/F100 aircraft commenced in November 2011 and were shown separately as Virgin Australia – ATR/F100 Operations. Virgin Australia Regional Airlines commenced operations in May 2013. It was formed after the acquisition of Skywest by Virgin Australia and represented a combination of operations previously reported under Skywest and Virgin Australia – ATR/F100 Operations. In January 2016, Virgin Australia transferred their ATR fleet from Virgin Australia Regional Airlines to Virgin Australia.

Information presented in this report is for Australian domestic routes for which the passenger load averaged 8 000 or more passengers per month over the previous six months and where two or more airlines operated in competition on those routes. There were 64 routes that met this definition in December 2019. Over time, routes which meet these criteria change as airline networks and traffic levels vary.

Participating airlines report their overall monthly network performance where this is possible.

Total industry figures encompass all services operated by reporting airlines only. These airlines collectively carried over 95 per cent of total domestic passengers (regular public transport only) in 2018.

The method of capturing on time performance varies between airlines utilising different recording systems. Jetstar and Qantas jet aircraft use Aircraft Communication Addressing and Reporting System (ACARS) to electronically measure on time performance. Regional Express, Tigerair Australia, Virgin Australia, Virgin Australia Regional Airlines and the Qantas non-jet fleet record on time performance manually using records from pilots, gate agents and/or ground crews.

After initial data is collected, aggregate reports are audited internally by participating airlines prior to publication.

Reports and detailed time series data in Microsoft Excel spreadsheet format are available from the BITRE website at: <http://www.bitre.gov.au/statistics/aviation/otphome.aspx>.

Industry performance

For December 2019, on time performance over all routes operated by participating airlines (Jetstar, Qantas, QantasLink, Regional Express, Tigerair Australia, Virgin Australia and Virgin Australia Regional Airlines) averaged 73.4 per cent for on time arrivals and 74.4 per cent for on time departures. Cancellations represented 2.5 per cent of all scheduled flights. This month's on time performance figures are some of the worst recorded and were probably impacted by smoke haze from bushfires. The equivalent figures for December 2018 were 75.3 per cent for on time arrivals, 76.2 per cent for on time departures and 2.9 per cent for cancellations.

This month's on time arrivals figure was lower than the long term average performance for all routes (82.2 per cent) and the on time departures figure was also lower than the long term average (83.5 per cent). The rate of cancellations was higher than the long term average of 1.5 per cent.

Virgin Australia achieved the highest on time arrivals among the major domestic airlines at 73.9 per cent followed by Qantas at 70.8 per cent, Tigerair Australia at 69.3 per cent and Jetstar at 64.7 per cent. Of the regional airlines, Regional Express recorded 80.0 per cent for on time arrivals, followed by QantasLink at 78.7 per cent and Virgin Australia Regional Airlines at 78.0 per cent. The Qantas network (Qantas and QantasLink combined operations) recorded 75.0 per cent for on time arrivals while the Virgin Australia network (Virgin Australia and Virgin Australia Regional Airlines combined operations) recorded 74.1 per cent.

Virgin Australia also achieved the highest level of on time departures among the major domestic airlines for December 2019 at 76.2 per cent, followed by Tigerair Australia at 71.9 per cent, Qantas at 71.3 per cent and Jetstar at 62.8 per cent. Of the regional airlines, Regional Express recorded 84.3 per cent for on time departures, followed by Virgin Australia Regional Airlines at 79.8 per cent and QantasLink at 78.7 per cent. The Qantas network recorded 75.3 per cent for on time departures while the Virgin Australia network recorded 76.4 per cent.

Jetstar recorded the highest percentage of cancellations (7.1 per cent) during the month, followed by Tigerair Australia (2.7 per cent), Qantas (2.4 per cent), Virgin Australia Regional Airlines (2.2 per cent), QantasLink (1.4 per cent), Virgin Australia (1.2 per cent) and Regional Express (1.0 per cent).

Airlines' on time performance varies across the routes they serve. Individual route data by specific airline for 64 routes are shown on pages 10-23.

Of the 64 routes which met the criteria for on time performance reporting in December 2019, the Sydney-Ayers Rock route had the highest percentage of on time arrivals (94.8 per cent) and the Perth-Darwin route had the highest percentage of on time departures (96.8 per cent). The Armidale-Sydney route had the lowest percentage of on time arrivals (50.3 per cent) and the Sydney-Launceston route had the lowest percentage of on time departures (48.6 per cent).

Cancellations were highest on the Sydney-Melbourne route at 6.9 per cent, followed by the Melbourne-Sydney route at 6.6 per cent, the Armidale-Sydney route at 5.8 per cent, the Gold Coast-Sydney route at 5.0 per cent and the Brisbane-Sydney route at 4.7 per cent.

Ayers Rock Airport recorded the highest percentage of on time arrivals (94.8 per cent) and Kalgoorlie Airport had the highest percentage of on time departures (89.8 per cent). Armidale Airport recorded the lowest percentage of on time arrivals (63.1 per cent) and Gold Coast Airport recorded the lowest percentage of on time departures (58.3 per cent). These figures only refer to reported routes and do not cover all flights at these airports.

Individual routes

On time performance is reported for all routes where the passenger load averages over 8000 passengers per month over the previous six months, and where two or more airlines operate in competition on those routes. There are now 64 routes which meet this definition. Over time, however, routes which meet this definition may change as airline networks and traffic levels vary.

Airports

On time performance is reported for all routes where the passenger load averages over 8000 passengers per month, and where two or more airlines operate in competition. The following data reports by airport against flights operated on those routes only. This month, 8 major city airports and 31 regional city airports are covered.

Definitions

On time arrival	A flight arrival is counted as "on time" if it arrived at the gate before 15 minutes after the scheduled arrival time shown in the carriers' schedule. Neither diverted nor cancelled flights count as on time.
On time departure	A flight departure is counted as "on time" if it departs the gate before 15 minutes after the scheduled departure time shown in the carriers' schedule.
Cancellation	A flight removed from service within 7 days of scheduled departure is regarded as a cancellation.
On time departure percentage	The percentage of on time departures is measured against the number of departures <i>operated</i> on any particular sector.
On time arrival percentage	The percentage of on time arrivals is measured against the number of arrivals <i>operated</i> on any particular sector.
Cancellation percentage	The percentage of cancellations is measured against the number of services <i>scheduled</i> on any particular sector.
